No, I don't have the name of the facility. We have the operation meeting at 3pm today with Freedom, so I will be asking during that and will add it to the update tomorrow if I find out.

Thanks,

Melissa

Melissa:

Yes if you have a contact in Region 4. Let them know. Do you have the name of the facility?

Okay, I will just add it tomorrow. Should I notify region 4 that the product is going to Alabama just as an FYI?

Melissa:

Sent it before I saw your message. I will add tomorrow.

Hi Fran,

The facility transported 5,180 gallons of MCHM/PPH product from a tank at the Poca Blending Facility to a facility in Alabama today (2/17/14).

Melissa
